

# Product Specifications

ver 1.0.0 [7th May 2025]

## Product Information

|                     |               |
|---------------------|---------------|
| Product Description | Beau Chenille |
| Stock Code          | BEA*          |
| Width               | 142 CM        |
| Weight (GSM)        | 570 GSM       |
| Weight (LM)         | 855 Grams     |

## Composition & Construction

|              |                |
|--------------|----------------|
| Composition  | 100% Polyester |
| Construction | Woven          |
| Backing      | N/A            |
| Yarn Count   | -              |
| Thread Count | -              |

## Performance Specifications

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Martindale Score       | 50,000 Rubs                                                                 |
| Furnishing Suitability | Severe Contract                                                             |
| Tensile Strength       | -                                                                           |
| Tear Stength           | -                                                                           |
| Pilling Resistance     | -                                                                           |
| Colour Fastness        | -                                                                           |
| Seam Slippage          | -                                                                           |
| Fire Retardancy        | Non-FR<br>BS5852, Ignition Source 0 + 1<br>BS5852, Ignition Source / Crib 5 |
| Water Resistance       | Non-WR                                                                      |
| Stain Resistance       | Non-SR                                                                      |
| UV Resistance          | Non-UVR                                                                     |

## Care Instructions

|                        |                          |
|------------------------|--------------------------|
| Washing                | Machine Washable to 40°C |
| Ironing                | Low Iron                 |
| Dry Cleaning           | Do Not Dry Clean         |
| Tumble Drying          | Do Not Tumble Dry        |
| Bleaching              | Do Not Bleach            |
| Special Considerations | Wipe Clean               |

## Origin

|                   |            |
|-------------------|------------|
| Country of Origin | China      |
| HS Tariff Code    | 5407613000 |

## Certifications

|             |                                 |
|-------------|---------------------------------|
| Oeko-Tex    | OEKO-TEX® STANDARD 100, Class I |
| Fire Rating | On Request                      |

## Notes

ver 1.0.0 [7th May 2025]

1. The information contained within this document is true and accurate to the best of our knowledge at the time of production (see above). Every effort will be made to correct any errors or inconsistencies as swiftly as possible. Any updated documents will be distributed through our website, or can be requested from a member of our sales team.
2. Any and all measurements may be subject to margins of error and/or manufacturing fault tolerances, and as such should be considered approximate. Subtle variations may occur between separate production batches.
3. Product specifications are no substitute to physical sample swatches, and should be used in conjunction with sample swatches to fully assess the suitability of any material for any particular end use. Customers themselves must make the final determination as to suitability.
4. If you have concerns as to the accuracy of any of the information presented in this document, please submit your enquiries in writing to: **info@ambassador-textiles.co.uk**.
